Class 3 Homework

Autumn 2026

Linked to our topic of '**Through the Ages**' we would like you to choose from the following list of what you would like to work on at home.

Don't forget you can choose to complete any number of tasks (at least one) and present them in any way you want to.

Use information books and the internet to find out about one of these aspects of Stone Age life: settlements, food, clothing, tools and weapons. Use your research to create an information poster about your chosen aspect.	Use information books or the internet to find out about Iron Age hillforts. Draw an illustration of an Iron Age hillfort and label its features, such as a hill, ditches, high walls or guarded gates. Write a short explanation about each of the features that you have labelled.	Who was the Cheddar Man, and what does he tell us about life in prehistoric times? Visit the Natural History Museum website to find out the answer to this enquiry question. Record key information that you learn about the Cheddar Man on a mind map.
Use the internet and information books to find images of artefacts from the Bronze Age. Use your existing knowledge and further research to create a table to provide information about some of the artefacts. Include an image or drawing of the artefact, its name, its use and what it tells us about everyday life in the Bronze Age.	Make an artefact associated with prehistoric times. Write a label description of your artefact.	Create a timeline to put the following periods of prehistory into chronological order: Bronze Age, Iron Age and Stone Age (including the three periods of the Stone Age, Neolithic, Palaeolithic and Mesolithic). Use the internet or information books to find the approximate dates for each period.

We look forward to sharing your homework in school.

Please bring it in on **Monday 30th November 2026**
